Name: _____ Period: _____ DUE DATE: _____ Score: _____

"TED Talks" Web Summary Worksheet (Due Wednesday, September 11th)

Directions: Browse the "TED Talks" website at **www.ted.com** and select a VIDEO PRESENTATION that is **SCIENCE RELATED** and that interests you. Watch the entire video and take notes as you view. Then write a summary to explain what you learned. **You MUST watch at least 1 TED Talks video** and **complete 1 summary before the end of the period**. Write the source info on the back of the paper for full credit. If you need more space, please write on a separate paper and staple. **The back side is for extra credit.** If you are doing the extra credit, you may turn in your paper on Wednesday, September 11th. Otherwise, turn in your work today!

"TED Talks" Topic 1

What is the **title and author** of your selected video? Record the required "source" information on the **back of this paper**.

Title: _____

Author/Presenter: _____

Take notes about the topic by recording key information that is discussed in the video. Be specific and explain everything that is **interesting** and that would be essential to **explain to others** about the topic. Record your notes below. **Bullet form is acceptable**.

_____
